REASONS FOR ALLOWANCE

1. Claims 1-7, 9-20, 22-33, and 35-39 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. The aforementioned claims are allowable over the Cited Prior Art (CPA), Sirer et al. (U.S. Patent 6,865,735), because the CPA does not teach every limitation of the independent claims 1, 14, and 27, and the subsequent dependent claims.
4. The CPA fails to teach or render obvious a system, method or computer readable-medium which provides one or more declarations for specifying authorization enforcement points for one or more target classes in an application and one or more declarations selected from the group consisting of a constant, a local variable and an instance variable for specifying one or more permission classes for the one or more authorization enforcements points, wherein authorization enforcement code is inserted into one or more of the target classes according to the authorization enforcement points.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kaveh Abrishamkar whose telephone number is 571-272-3786. The examiner can normally be reached on Monday thru Friday 8-5.
